G. W. ARDARY OF LAWRENCE TOWNSHIP DIES FROM GUNSHOT INFLECTED AS HE LAY ON HIS BED

CORONER'S JURY DECIDES HE CAME TO HIS DEATH AT THE HANDS OF PERSON OR PERSONS UNKNOWN.

CHILD ASLEEP IN SAME ROOM

The old "Irishtown" settlement located on the Lawrence township ridges about one mile northeast of Glen Richey was thrown into fever of excitement early Sunday morning last by what Coroner Pollum and jury describes as a foul murder. The victim of the supposed assassin was George Ardary a well known farmer and life long resident of the community, having been born in the house wherein he met his death.

Mr. Ardary, whose wife died several years ago, lived on the old Elisha Ardary homestead. A daughter, a son and grand son about 9 years old lived with him. The daughter and son were away from home Saturday afternoon and evening. The son spent the evening in Clearfield and left Leavy's livery stable about 12:20 Sunday morning to drive home.

He arrived at the farm house about 2 o'clock and when he went to enter the house found the back door open. Entering the house to secure a lan-

WOODLAND MAN DIES OF FRACTURED SKULL

Alfred Reposi died at the Clearfield hospital about 7:30 Saturday evening last as the result of a fractured skull, which he is alleged to have received as the result of a fall on the cement sidewalk in front of the Woodland hotel on Jan. 27th last.

Reposi was employed at the Hope works of the Harbison-Walker Refractories company and came to Woodland several months ago from New York City.

On the afternoon of Jan. 27th, he came into the Woodland hotel under the influence of liquor and began to quarrel with a fellow worker he found in the bar room.

Landlord Goon appeared upon the scene about that time and taking Reposi by the arm he led him out through the office down the steps to the sidewalk and told him to go on home and keep out of trouble. The walk is quite steep at this point and Reposi slipped and fell, lighting heavily upon the back of his head. Mr. Goon was entering the door of the office when the man fell and turned and went once to his assistance. He was carried into the hotel and a doctor summoned. He was later taken to his home and when it was found he was seriously injured the man was removed to the Clearfield hospital for medical treatment. He was about 35 years of age.

MURDER CASE HELD UP BY ATTORNEY

The case of Com. vs. Tony Gargole, who is charged with the murder of Andrew H. Davis, of DuBois, was scheduled to come up before Judge Bell this morning. Gargole's attorney Blair Adams, of Punksutawney, missed the train this morning and the court was forced to wait for his arrival at 4:35 this evening. Davis was stabbed to death by Gargole during an altercation over a glass of beer in the bar room of the Central hotel at DuBois, a couple of months ago.

WILD CATS STILL ME-OW-OWING THEIR WAY TO VICTORY

Ennis' Wild Cats won another victory last Saturday night when they played the Swales Tigers. This makes seven straight victories for the Wild Cats.

However, the Y. M. C. A. wants to war the public that if they hear an awful fight outside their lack doors, not to start throwing any shoes, bricks or other articles that would injure them in any way, as this will be the Wild Cat team taking the back road home.

Score of Saturday's game:

Ennis' Wild Cats				
	1st	2nd	3rd	Totals
R. Roseberry	140	179	187	506
Ennis	188	192	172	552
P. Roseberry	185	151	212	548

Swales' Tigers				
	1st	2nd	3rd	Totals
W. Wilson	162	183	158	503
Swales	164	177	202	543
A. Wilson	154	185	185	524

This game was interesting throughout as the Tigers at one time had the Wild Cats in the grip of their long, hairy paws, but the Wild Cats managed to get a death grip on the Tigers' throats, hence the loss of the game.

I saw it in The Progress.

A GOOD RIDDANCE TO BAD RUBBISH

CHICAGO, Feb. 10.—Two heavily guarded car loads of foreign disturbers were en route to an Atlantic port today for deportation. The men were largely from coast cities where they have been held for various periods awaiting ocean transportation. In the party were a number of Russians and a few enemy aliens. They were alleged to be radical and trouble makers.

MEMORIAL TO ROOSEVELT

Rev. W. W. Hartman of the Trinity M. E. church preached a most able sermon last evening on the life and works of Theodore Roosevelt. Rev. Hartman pointed out the positive character of Roosevelt and showed that all men had their preferences with respect to this great American. His personality was such that people were drawn irresistibly to him. Those who were not for him were against him. Roosevelt's life was of such a nature that no one could be neutral. His stand for the right and for the great and good things of national life were shown to be his greatest points.

LANDED IN THE COOP

A beery individual poured part of the contents of a beer bottle into the tambourine of one of the Salvation Army collectors at one of the local bar rooms Saturday night and when the fellow left the place only the prompt arrival of Chief Eadie on the scene saved him a proper trimming. The offender was placed in the lock-up and enriched the borough treasury \$7.00.

GOOD ROADS MEETING AT GRASS FLAT

There will be a local good roads meeting at Grass Flat on Thursday evening next. Hon. Joseph E. Phillips and other speakers representing the Clearfield County Good Roads association will be present and address the gathering.

M. J. OWENS HURT IN RUNAWAY

M. J. Owens, the Lawrence township farmer, was quite painfully hurt about 12:45 today. He drove into town from his Mt. Joy home and his team became excited in front of the jail and ran away. They came up Second street at a terrific pace and the wagon collided with Harry Ogden's Ford car which was parked in front of Tobas' store. The force of the collision threw Mr. Owens from the wagon and he alighted on his head on the brick street. The horses continued their mad flight up street and colliding with the flag pole in the centre of the diamond jarred about \$40 worth of light fixtures off the same. Getting around this interference they kept on beating it up street and were finally caught up at Smith's Mill very little the worse for their run. Mr. Owens was carried into Knapp's furniture store where Dr. Piper attended to his injuries which consisted of a badly lacerated forehead. He did not appear to be seriously hurt.

DENY HENEY CHARGE

WASHINGTON, Feb. 10.—Branding Francis J. Heney's charge as a "vicious, dishonorable, and unprofessional falsehood," Levy Mayer, counsel for Armour & Company, today denied that he had tried to bribe Heney at a recent session of the Senate packers' inquiry.

STOCK TIPS

NEW YORK, Feb. 10.—Prices were fractionally higher at the opening of the stock market today. United States Steel opened at 88 1/2, up 1/2; exican Petroleum 165 1/2, up 1/4; Bethlehem Steel B. 59 1/8, up 5/8.

W. B. Ross, of the DuBois Courier, is in attendance at court today.

SENATE FOR FOURTH TIME DEFEATS THE SUFFRAGE PROGRAM

WASHINGTON, Feb. 10.—For the fourth time the United States Senate today defeated the resolution to submit a woman suffrage constitutional amendment to the United States. The vote proved a bitter disappointment to suffragettes who have counted on President Wilson and other Democratic leaders to swing southern Democrats in line. Not one of those on whom the suffragettes pinned their hope for suffrage. The vote was 55 for suffrage and 29 against it but as the ayes did not have two-thirds of the vote cast they were defeated. The vote last October was 53 for suffrage and 31 against it.

SEATTLE STILL QUIET

Seattle, Feb. 10.—Following the return Saturday of the street car men to work jitney drivers and women barbers and garbage drivers voted to go to work today. There was an attempt at a resumption of business following the Mayor's great "shoot at sight anyone causing a disturbance. The revolution has failed," declared the Mayor. "The government should now arrest try and punish all leaders of the conspiracy. No skin milk policy should be adopted."

GARRETTSON WANTS RAILROAD OWNERSHIP

Washington, Feb. 10.—Permanent government ownership of railroads as the only solution to the problem was today advocated before the Senate Interstate commerce committee by A. B. Garrettson of the railroad brotherhoods.

TACOMA STRIKE OVER

Tacoma, Wash., Feb. 10.—The attempt at a general strike in Tacoma, which was called off by the local union, ended today after four days of dissension that threatened to split the ranks of organized labor. Workers in unions not affiliated with the metal trade council returned to their jobs.

It is a popular superstition in England that winding one's watch on the train means a safe journey.

INTERESTING LETTER FROM FRANCE

The following is a copy of a letter of inquiry concerning Thomas L. Stevens, of Bigler Pa., who was a member of Co. K 319 Infantry, A. E. F. and who is reported by the war department as having died in France October 20 1918 of pneumonia. The letter was written by his tentative Corp. I. G. Zeigler formerly of Pittsburgh, Pa.

Villiers le Bois, France
December 26, 1918

Mrs. J. M. Baker,
Dear Madam:
I just received your letter of November 24 and was very glad to give you any information you desire insofar as I can.

I first wish to express my deepest and sincere regrets in your bereavement.

Thomas was one of my closest pals in France and one any man would be proud to call a friend.

I certainly was sorry to hear of his death in your letter as it was the first authentic word I received thereof.

I was with Thomas on October 3rd the day before we went into the drive beyond the village of Nantilles.

He was then well and in good spirits. I next saw him at Battalion headquarters about four days later and like all the boys was very tired and worn by the hardships that a soldier must go through.

He was at that time a runner stationed at Battalion headquarters.

The next I saw of him was on the day we were relieved from the lines, which was about October 14th.

He then had a very bad cold and complained of being sore in all his muscles and joints as if he were taking the grippe.

I advised him to go to the infirmary and have the doctor take care of him immediately.

This he did and while waiting for the ambulance to take him to the hospital he came back to the woods in which we were camped and made me good by.

That was the last I saw or heard of him until I got your letter.

At no time in Thomas' career as a soldier did he falter in his duty and always conducted himself in a manner that deserved the best of mention.

I can truthfully say he died a glorious death in the most noble cause the world has ever known and his

name can be rightfully placed among those of the heroes of the war.

Not knowing the whereabouts of his grave I cannot give any information on that question.

Uncle Sam promises to take home the remains of his dead heroes and as Thomas died at the hospital his remains will be taken to the U. S. as soon as possible to do so. We shall see if we can find his grave.

Thomas had his own picture taken with him at the time of his death. The picture is a very good one and I will send you a copy of it as soon as I can.

Respectfully yours,
IRWIN G. ZEIGLER

THE CURFEW

The curfew law is a back number. The curfew whistle every evening at seven forty-five is a darn nuisance. Clearfield will get along just as well without either and strangers coming to our city will cease joking about Clearfield and its Pumpkin Center laws. It was perfectly right and proper to invoke the curfew law during the flu epidemic but therein it served its only good. The curfew law is not enforced and cannot be enforced with only two policemen.

The Progress have received two or three communications recently urging that the curfew law be enforced, saying boys have identity of these culprits and have them taken care of by the law door bells. It should not be a hard matter to establish the identity of these culprits and have them taken care of by the policeman on regular charges. The Progress believes that the enforcement of the curfew is an impossibility and that it should not be enforced. It further believes that any citizen so annoyed by youngsters will be doing a public service by turning the offenders over to the police or over the knee.

THE SENATE ON THE AMENDMENT

There is every reason to believe that the vote for the amendment in the Senate will be larger than at first thought. Liquor dealers and the kind of Republicans who think pledges are made to be broken and that politics is a game where such things are to be expected have not become reconciled to Governor Sproul's sanction of the amendment and the support he gave it. Even the day of the inauguration these people believed that Governor Sproul would not use any influence to put the amendment over but that, as happens so often, the cause would be lost through votes in the house or the senate and some black sheep in the Republican family would have to answer for it. Many of them pointed to the part of Mr. Sproul's speech wherein he said "he hoped for co-operation to attain his ends but would not use coercion". Here would have been a loophole, had the governor wanted one but good, big hearted fellow that he was, he really wanted what he called the biggest self-disciplinary measure in the history of mankind. The Harrisburg Telegraph says the wrath being vented by some of the liquor dealers on Penrose, Sproul, Crow, Beidleman and Baker because the resolution passed the house is not calculated to diminish the vote for the resolution in the Senate. The aforesaid gentleman can well afford to lose the following of the liquor men and some of their most ardent disciples in this country. In their most recent action these political leaders have shown that they are above the influence of liquor control and have thrown off the cloak placed on their shoulders by the liquor dealers and by these local disciples who, in their ignorance, thought they really knew Penrose, Baker, Sproul, et al.

LETTER FROM ARTHUR HAINES

Arthur F. Haines, better known as Foster Haines, of Woodland, has been reported missing in action in the casualty lists but evidently this is another error as his mother received a letter from him dated January 4th. In the letter he stated that he was well and in the very best of health and enclosed a postcard view of Vallendat, Germany, where he was at the time of writing. Arthur's many friends will be glad to know that he is safe and sound.

LOCAL PUGILIST GOING AFTER THAT \$1000 AT ALTOONA

Ike Griffin, the local scrapper is getting in shape to occupy a large spot in the limelight in the very near future. This limelight spot is to be located on the stage of the Michler theatre, Altoona, Pa., and the time will be February 12th or 14th.

It might also be well to add that there promises to be considerable action about that particular spot just about that time because a "white shadow" in the person of the famous Jack Dempsey will be Ike's company, and it will be his duty and endeavor to erase Ike from the limelight by the knockout route.

Dempsey has been signed to fight Jess Willard for the championship of the world on July 4th next and is now making a tour of the country offering \$1000 for any man who can stay in the ring three rounds with him.

That thousand looks good to the local scrapper and as he has already met Dempsey in the ring and lives to tell the tale he figures it is going to be a cinch for him to cop Jack's kale.

Jimmy Reeder the Altoona fight manager and promoter is looking after Griffin's interests in the affair.

EUROPE PREPARING FOR WAR TOURISTS

Paris, Feb. 7.—Europe is looking forward to one of the biggest American touring seasons on record, when peace is signed, and normal traffic conditions are resumed. Thousands of people in the United States, in Canada and in the British Isles, are already contemplating, for various reasons, visiting the battlefields on the Continent, to see for themselves where the great fights for freedom took place.

Of course, a very large number of people will come to see where their beloved ones fought and fell in the war against the Huns. Others naturally, want to see places like Mons, Arras, Ypres, and so on that have made history for all time.

The various "personally-conducted" companies are already making preparations for these tours, and wherever possible they are appointing men as guides who have actually fought as soldiers in the places they are to describe. These agencies have already received thousands of inquiries from Americans anxious to come across though of course, few will be allowed to travel for many months yet. Not only have these inquiries been about places in France and Belgium, but a very large proportion of people want to visit the Balkans and the Holy Land.

TIME EXTENDED FOR FARMERS TO BUY SUPPLY OF NITRATE

In view of the fact that many farmers who desire to purchase nitrate soda did not have an opportunity to file their applications on or before January 25, the bureau of markets at Washington has announced that the time for receiving such applications will be extended to February 15, 1919.

As stated in previous notices, this nitrate of soda is being distributed by the government at a cost price of \$51 per ton F O B the nearest seaboard point.

Farmers who desire nitrate and did not file their application prior to January 25 should place their order immediately with A. T. Kearney, county agricultural agent or one of the following members of the county nitrate committee:

B. B. McCreight, Deposit National Bank DuBois
W. B. Clark, Mahaffey National Bank, Mahaffey
Anthony Hile, Curwensville National Bank Curwensville
George Bram, Groceries store, Kyle town
John K. Gorman post office, Coal port.

The total allotment for Clearfield county must be sent to Washington on February 17 before 4 p. m. Orders filed after that time cannot receive consideration.

LARGE AUDIENCE HEARS DR. W. S. PIPER

An audience of over 600 attended the big Sunday afternoon meeting at the Y. M. C. A. and were delighted to hear Capt. W. S. Piper of the U. S. Army tell of his interesting and exciting experience of 18 months in the world war.

Mr. Rockwell led the rousing song service accompanied by his orchestra. The Doctor told of his voyage across the Atlantic and of a submarine attack, an air and bomb raid in London. He spoke briefly of his experiences in the front line trench and of seeing the long gray line of huns attacking the English lines. He told of an air raid on the hospitals by the huns where 200 were killed and 800 were wounded.

The people were all delighted and requested Dr. Piper to continue his talk at another meeting as he only got as far as Cambrai.

The Secretary announced that a Red Cross Nurse would be here for next Sunday afternoon and speak about her experiences over there.

Everybody is cordially invited to come to this meeting at 4 o'clock next Sunday afternoon.

In England for some years past more important public positions, from the Cabinet downwards, have been held by Scotsmen and Welshmen than by Englishmen.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Word was received yesterday of the death of George W. Gray at his home in Clearfield, after an illness of several weeks. Mr. Gray for many years resided in Curwensville where he was a prominent and well known hardware dealer. Coming here from Huntingdon, Indiana in early manhood he entered his mercantile career and in the following years built up a profitable and extensive business. In 1879 he was married to Miss Minerva Bilger, daughter of the late Jacob Bilger, who with one daughter Miss Margaret, survive him. Funeral will be held Wednesday afternoon at 2:30. Interment at Oak Hill cemetery.

It was reported Sunday morning that a man by the name of Ardary who is a teamster and lives near Glen Richey had been found in bed at his home with a bullet through his brain. It is not known whether he had met death at some strange hand or whether he wound was self-inflicted and further information was not available.

Robert Keeper is able to be back on his milk route after a week's illness.

Mr. and Mrs. John Fross were among our towns people who saw "Hearts of the World" at Driggs theatre, Clearfield, Saturday evening.

Mrs. Rebecca L. Maxwell who has had a serious attack of pneumonia is very much improved.

The season for losing (and not being able to find) valuable articles is always open. Dr. J. C. Jenkins reports the loss of a fur lined gauntlet glove which he regrets, not so much for its value but because he will probably feel its need many times before winter is past.

Mrs. Lila Martin and Jennette Matney and Messrs. Scott Ammerman and William Edmondston were a group of young people who were in Clearfield Saturday evening to see "Hearts of the World."

Mrs. J. C. Wright was the guest of Mrs. William Taylor at Tyrone last week.

Saturday evening a delightful surprise party was held at the home of Mr. and Mrs. C. E. Reed on Clearfield street to celebrate Mr. Reed's birthday. About 30 friends were present who presented Mr. Reed with a handsome present. All reported a good time wishing Mr. Reed many more happy birthdays.

G. W. ARDARY DIES OF GUNSHOT AT HOME

(Continued from Page One)

tern for use in putting his horse away he heard some one moaning and going upstairs found his father lying on his bed with a bullet wound through his head and about in his death throes. The little grandson, his face spattered with the blood of his grandfather was sleeping alongside the dying man but was unable to throw any light on the happening.

The weapon from which the shot was fired, a 32 calibre rifle was lying on the bedroom floor with the butt pointing toward the bed. This gun belonged to Mr. Ardary and was used during butchering time. It was usually kept in the pantry downstairs. Coroner Pollum, or DuBois, was informed of the occurrence and repaired to the Ardary home Sunday evening. He impanelled a jury and after a thorough investigation and a careful search for evidence the jury returned a verdict to the effect that the deceased had met his death at the hands of a person or persons unknown.

So far as can be determined at this time there is no known motive for the murder. Mr. Ardary was a peaceful, law-abiding citizen who was very well known and highly respected in his community.

He was about 65 years of age and besides his immediate family is survived by three brothers and one sister viz: Z. L. Ardary of Boggs; James of Curwensville, Aronzo A. of Lawrence and Mrs. Will Gates, of Curwensville.

PLACES SAFEGUARD AROUND HER HOME

Mrs. J. Johnson, 220 W. Allegheny avenue, Philadelphia believes in the old adage about an ounce of prevention being worth a pound of cure. "I suffered from a run-down system, gastritis and stomach trouble," she says. "Every once in a while I was subjected to severe attacks of gastritis, with pain and distress and belching so bad I had to call in my neighbors. Now, after using Tanlac pretty freely I have my condition under control. I now always keep Tanlac around the home to safeguard the future. I have every faith in Tanlac."

The genuine J. I. Gure Co. Tanlac is now sold here by Stewart Drug Co., Woodward & McPherson's.

G. W. ARDARY OF LAWRENCE TOWNSHIP DIES FROM GUNSHOT INFLECTED AS HE LAY ON HIS BED

CORONER'S JURY DECIDES HE CAME TO HIS DEATH AT THE HANDS OF PERSON OR PERSONS UNKNOWN.

CHILD ASLEEP IN SAME ROOM

The old "Irishtown" settlement located on the Lawrence township ridges about one mile northeast of Glen Richey was thrown into fever of excitement early Sunday morning last by what Coroner Pollum and jury describes as a foul murder. The victim of the supposed assassin was George Ardary a well known farmer and life long resident of the community, having been born in the house wherein he met his death.

Mr. Ardary, whose wife died several years ago, lived on the old Elisha Ardary homestead. A daughter, a son and grand son about 9 years old lived with him. The daughter and son were away from home Saturday afternoon and evening. The son spent the evening in Clearfield and left Leavy's livery stable about 12:25 Sunday morning to drive home.

He arrived at the farm house about 2 o'clock and when he went to enter the house found the back door open. Entering the house to secure a lan-

WOODLAND MAN DIES OF FRACTURED SKULL

Alfred Reposi died at the Clearfield hospital about 7:30 Saturday evening last as the result of a fractured skull, which he is alleged to have received as the result of a fall on the cement sidewalk in front of the Woodland hotel on Jan. 27th last.

Reposi was employed at the Hope works of the Harbison-Walker Refractories company and came to Woodland several months ago from New York City.

On the afternoon of Jan. 27th, he came into the Woodland hotel under the influence of liquor and began to quarrel with a fellow worker he found in the bar room.

Landlord Goon appeared upon the scene about that time and taking Reposi by the arm he led him out through the office down the steps to the sidewalk and told him to go on home and keep out of trouble. The walk is quite steep at this point and Reposi slipped and fell, lighting heavily upon the back of his head. Mr. Goon was entering the door of the office when the man fell and turned and went at once to his assistance. He was carried into the hotel and a doctor summoned. He was later taken to his home and when it was found he was seriously injured the man was removed to the Clearfield hospital for medical treatment. He was about 35 years of age.

MURDER CASE HELD UP BY ATTORNEY

The case of Com. vs. Tony Gargole, who is charged with the murder of Andrew H. Davis, of DuBois, was scheduled to come up before Judge Bell this morning. Gargole's attorney Blair Adams, of Punksutawney, missed the train this morning and the court was forced to wait for his arrival at 4:35 this evening. Davis was stabbed to death by Gargole during an altercation over a glass of beer in the bar room of the Central hotel at DuBois, a couple of months ago.

WILD CATS STILL ME-OW-OWING THEIR WAY TO VICTORY

Ennis' Wild Cats won another victory last Saturday night when they played the Swales Tigers. This makes seven straight victories for the Wild Cats.

However, the Y. M. C. A. wants to war the public that if they hear an awful fight outside their lack doors, not to start throwing any shoes, bricks or other articles that would injure them in any way, as this will be the Wild Cat team taking the back road home.

Score of Saturday's game:

Ennis' Wild Cats				
	1st	2nd	3rd	Totals
R. Roseberry	140	179	187	506
Ennis	188	192	172	552
P. Roseberry	185	151	212	548

Swales' Tigers				
	1st	2nd	3rd	Totals
W. Wilson	162	183	158	503
Swales	164	177	202	543
A. Wilson	154	185	185	524

This game was interesting throughout as the Tigers at one time had the Wild Cats in the grip of their long, hairy paws, but the Wild Cats managed to get a death grip on the Tigers' throats, hence the loss of the game.

I saw it in The Progress.

A GOOD RIDDANCE TO BAD RUBBISH

CHICAGO, Feb. 10.—Two heavily guarded car loads of foreign disturbers were en route to an Atlantic port today for deportation. The men were largely from coast cities where they have been held for various periods awaiting ocean transportation. In the party were a number of Russians and a few enemy aliens. They were alleged to be radical and trouble makers.

MEMORIAL TO ROOSEVELT

Rev. W. W. Hartman of the Trinity M. E. church preached a most able sermon last evening on the life and works of Theodore Roosevelt. Rev. Hartman pointed out the positive character of Roosevelt and showed that all men had their preferences with respect to this great American. His personality was such that people were drawn irresistibly to him. Those who were not for him were against him. Roosevelt's life was of such a nature that no one could be neutral. His stand for the right and for the great and good things of national life were shown to be his greatest points.

LANDED IN THE COOP

A beery individual poured part of the contents of a beer bottle into the tambourine of one of the Salvation Army collectors at one of the local bar rooms Saturday night and when the fellow left the place only the prompt arrival of Chief Eadie on the scene saved him a proper trimming. The offender was placed in the lock-up and enriched the borough treasury \$7.00.

GOOD ROADS MEETING AT GRASS FLAT

There will be a local good roads meeting at Grass Flat on Thursday evening next. Hon. Joseph E. Phillips and other speakers representing the Clearfield County Good Roads association will be present and address the gathering.

M. J. OWENS HURT IN RUNAWAY

M. J. Owens, the Lawrence township farmer, was quite painfully hurt about 12:45 today. He drove into town from his Mt. Joy home and his team became excited in front of the jail and ran away. They came up Second street at a terrific pace and the wagon collided with Harry Ogden's Ford car which was parked in front of Tobas' store. The force of the collision threw Mr. Owens from the wagon and he alighted on his head on the brick street. The horses continued their mad flight up street and colliding with the flag pole in the centre of the diamond jarred about \$40 worth of light fixtures off the same. Getting around this interference they kept on beating it up street and were finally caught up at Smith's Mill very little the worse for their run. Mr. Owens was carried into Knepp's furniture store where Dr. Piper attended to his injuries which consisted of a badly lacerated forehead. He did not appear to be seriously hurt.

DENY HENEY CHARGE

WASHINGTON, Feb. 10.—Branding Francis J. Heney's charge as a "vicious, dishonorable, and unprofessional falsehood," Levy Mayer, counsel for Armour & Company, today denied that he had tried to bribe Heney at a recent session of the Senate packers' inquiry.

SENATE FOR FOURTH TIME DEFEATS THE SUFFRAGE PROGRAM

WASHINGTON, Feb. 10.—For the fourth time the United States Senate today defeated the resolution to submit a woman suffrage constitutional amendment to the United States. The vote proved a bitter disappointment to suffragettes who have counted on President Wilson and other Democratic leaders to swing southern Democrats in line. Not one of those on whom the suffragettes pinned their hope for suffrage. The vote was 55 for suffrage and 29 against it but as the ayes did not have two-thirds of the vote cast they were defeated. The vote last October was 53 for suffrage and 31 against it.

SEATTLE STILL QUIET

Seattle, Feb. 10.—Following the return Saturday of the street car men to work jitney drivers and women barbers and garbage drivers voted to go to work today. There was an attempt at a resumption of business following the Mayor's great "shoot at sight anyone causing a disturbance. The revolution has failed," declared the Mayor. "The government should now arrest try and punish all leaders of the conspiracy. No skin milk policy should be adopted."

Washington, Feb. 10.—Permanent government ownership of railroads as the only solution to the problem was today advocated before the Senate Interstate commerce committee by A. B. Garrettson of the railroad brotherhoods.

TACOMA STRIKE OVER

Tacoma, Wash., Feb. 10.—The attempt at a general strike in Tacoma, which was called off by the local union, ended today after four days of dissension that threatened to split the ranks of organized labor. Workers in unions not affiliated with the metal trade council returned to their jobs.

It is a popular superstition in England that winding one's watch on the train means a safe journey.

INTERESTING LETTER FROM FRANCE

The following is a copy of a letter of inquiry concerning Thomas L. Stevens, of Bigler Pa., who was a member of Co. K 319 Infantry, A. E. F. and who is reported by the war department as having died in France October 20 1918 of pneumonia. The letter was written by his tentative Corp. I. G. Zeigler formerly of Pittsburgh, Pa.

Villiers le Bois, France
December 26, 1918

Mrs. J. M. Baker,
Dear Madam:
I just received your letter of November 24 and was very glad to give you any information you desire insofar as I can.

I first wish to express my deepest and sincere regrets in your bereavement.

Thomas was one of my closest pals in France and one any man would be proud to call a friend.

I certainly was sorry to hear of his death in your letter as it was the first authentic word I received thereof.

I was with Thomas on October 3rd the day before we went into the drive beyond the village of Nantilles.

He was then well and in good spirits.

I next saw him at Battalion headquarters about four days later and like all the boys was very tired and worn by the hardships that a soldier must go through.

He was at that time a runner stationed at Battalion headquarters.

The next I saw of him was on the day we were relieved from the lines, which was about October 14th.

He then had a very bad cold and complained of being sore in all his muscles and joints as if he were taking the grippe.

I advised him to go to the infirmary and have the doctor take care of him immediately.

This he did and while waiting for the ambulance to take him to the hospital he came back to the woods in which we were camped and made me good byes.

That was the last I saw or heard of him until I got your letter.

At no time in Thomas' career as a soldier did he falter in his duty and always conducted himself in a manner that deserved the best of mention.

I can truthfully say he died a glorious death in the most noble cause the world has ever known and his

name can be rightfully placed among those of the heroes of the war.

Not knowing the whereabouts of his grave I cannot give any information on that question.

Uncle Sam promises to take home the remains of his dead heroes and as Thomas died at the hospital his remains will be taken to the U. S. as soon as possible to do so. We shall you will be glad to hear.

THE CURFEW

The curfew law is a back number. The curfew whistle every evening at seven forty-five is a darn nuisance. Clearfield will get along just as well without either and strangers coming to our city will cease joking about Clearfield and its Pumpkin Center laws. It was perfectly right and proper to invoke the curfew law during the flu epidemic but therein it served its only good. The curfew law is not enforced and cannot be enforced with only two policemen.

The Progress have received two or three communications recently urging that the curfew law be enforced, saying boys have identity of these culprits and have them taken care of by the law door bells. It should not be a hard matter to establish the identity of these culprits and have them taken care of by the policeman on regular charges. The Progress believes that the enforcement of the curfew is an impossibility and that it should not be enforced. It further believes that any citizen so annoyed by youngsters will be doing a public service by turning the offenders over to the police or over the knee.

THE SENATE ON THE AMENDMENT

There is every reason to believe that the vote for the amendment in the Senate will be larger than at first thought. Liquor dealers and the kind of Republicans who think pledges are made to be broken and that politics is a game where such things are to be expected have not become reconciled to Governor Sproul's sanction of the amendment and the support he gave it. Even the day of the inauguration these people believed that Governor Sproul would not use any influence to put the amendment over but that, as happens so often, the cause would be lost through votes in the house or the senate and some black sheep in the Republican family would have to answer for it. Many of them pointed to the part of Mr. Sproul's speech wherein he said "he hoped for co-operation to attain his ends but would not use coercion". Here would have been a loophole, had the governor wanted one but good, big hearted fellow that he was, he really wanted what he called the biggest self-disciplinary measure in the history of mankind. The Harrisburg Telegraph says the wrath being vented by some of the liquor dealers on Penrose, Sproul, Crow, Beidleman and Baker because the resolution passed the house is not calculated to diminish the vote for the resolution in the Senate. The aforesaid gentleman can well afford to lose the following of the liquor men and some of their most ardent disciples in this country. In their most recent action these political leaders have shown that they are above the influence of liquor control and have thrown off the cloak placed on their shoulders by the liquor dealers and by these local disciples who, in their ignorance, thought they really knew Penrose, Baker, Sproul, et al.

LETTER FROM ARTHUR HAINES

Arthur F. Haines, better known as Foster Haines, of Woodland, has been reported missing in action in the casualty lists but evidently this is another error as his mother received a letter from him dated January 4th. In the letter he stated that he was well and in the very best of health and enclosed a postcard view of Vallendat, Germany, where he was at the time of writing. Arthur's many friends will be glad to know that he is safe and sound.

LOCAL PUGILIST GOING AFTER THAT \$1000 AT ALTOONA

Ike Griffin, the local scrapper is getting in shape to occupy a large spot in the limelight in the very near future. This limelight spot is to be located on the stage of the Michler theatre, Altoona, Pa., and the time will be February 12th or 14th.

It might also be well to add that there promises to be considerable action about that particular spot just about that time because a "white shadow" in the person of the famous Jack Dempsey will be Ike's company, and it will be his duty and endeavor to erase Ike from the limelight by the knockout route.

Dempsey has been signed to fight Jess Willard for the championship of the world on July 4th next and is now making a tour of the country offering \$1000 for any man who can stay in the ring three rounds with him.

That thousand looks good to the local scrapper and as he has already met Dempsey in the ring and lives to tell the tale he figures it is going to be a cinch for him to cop Jack's kale.

Jimmy Reeder the Altoona fight manager and promoter is looking after Griffin's interests in the affair.

EUROPE PREPARING FOR WAR TOURISTS

Paris, Feb. 7.—Europe is looking forward to one of the biggest American touring seasons on record, when peace is signed, and normal traffic conditions are resumed. Thousands of people in the United States, in Canada and in the British Isles, are already contemplating, for various reasons, visiting the battlefields on the Continent, to see for themselves where the great fights for freedom took place.

Of course, a very large number of people will come to see where their beloved ones fought and fell in the war against the Huns. Others naturally, want to see places like Mons, Arras, Ypres, and so on that have made history for all time.

The various "personally-conducted" companies are already making preparations for these tours, and wherever possible they are appointing men as guides who have actually fought as soldiers in the places they are to describe. These agencies have already received thousands of inquiries from Americans anxious to come across though of course, few will be allowed to travel for many months yet. Not only have these inquiries been about places in France and Belgium, but a very large proportion of people want to visit the Balkans and the Holy Land.

TIME EXTENDED FOR FARMERS TO BUY SUPPLY OF NITRATE

In view of the fact that many farmers who desire to purchase nitrate soda did not have an opportunity to file their applications on or before January 25, the bureau of markets at Washington has announced that the time for receiving such applications will be extended to February 15, 1919.

As stated in previous notices, this nitrate of soda is being distributed by the government at a cost price of \$51 per ton F O B the nearest seaboard point.

Farmers who desire nitrate and did not file their application prior to January 25 should place their order immediately with A. T. Kearney, county agricultural agent or one of the following members of the county nitrate committee:

B. B. McCreight, Deposit National Bank DuBois
W. B. Clark, Mahaffey National Bank, Mahaffey
Anthony Hile, Curwensville National Bank, Curwensville
George Bram, Groceries, York, Pa.
John K. Gorman, post office, Coalport.

The total allotment for Clearfield county must be sent to Washington on February 17 before 4 p. m. Orders filed after that time cannot receive consideration.

LARGE AUDIENCE HEARS DR. W. S. PIPER

An audience of over 600 attended the big Sunday afternoon meeting at the Y. M. C. A. and were delighted to hear Capt. W. S. Piper of the U. S. Army tell of his interesting and exciting experience of 18 months in the world war.

Mr. Rockwell led the rousing song service accompanied by his orchestra. The Doctor told of his voyage across the Atlantic and of a submarine attack, an air and bomb raid in London. He spoke briefly of his experiences in the front line trench and of seeing the long gray line of huns attacking the English lines. He told of an air raid on the hospitals by the huns where 200 were killed and 800 were wounded.

The people were all delighted and requested Dr. Piper to continue his talk at another meeting as he only got as far as Cambrai.

The Secretary announced that a Red Cross Nurse would be here for next Sunday afternoon and speak about her experiences over there.

Everybody is cordially invited to come to this meeting at 4 o'clock next Sunday afternoon.

In England for some years past more important public positions, from the Cabinet downwards, have been held by Scotsmen and Welshmen than by Englishmen.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Word was received yesterday of the death of George W. Gray at his home in Clearfield, after an illness of several weeks. Mr. Gray for many years resided in Curwensville where he was a prominent and well known hardware dealer. Coming here from Huntingdon, Indiana in early manhood he entered his mercantile career and in the following years built up a profitable and extensive business. In 1879 he was married to Miss Minerva Bilger, daughter of the late Jacob Bilger, who with one daughter Miss Margaret, survive him. Funeral will be held Wednesday afternoon at 2:30. Interment at Oak Hill cemetery.

It was reported Sunday morning that a man by the name of Ardary who is a teamster and lives near Glen Richey had been found in bed at his home with a bullet through his brain. It is not known whether he had met death at some strange hand or whether the wound was self-inflicted and further information was not available.

Robert Keeper is able to be back on his milk route after a week's illness.

Mr. and Mrs. John Fross were among our towns people who saw "Hearts of the World" at Driggs theatre, Clearfield, Saturday evening.

Mrs. Rebecca L. Maxwell who has had a serious attack of pneumonia is very much improved.

The season for losing (and not being able to find) valuable articles is always open. Dr. J. C. Jenkins reports the loss of a fur lined gauntlet glove which he regrets, not so much for its value but because he will probably feel its need many times before winter is past.

Mrs. Lila Martin and Jennette Matney, and Messrs. Scott Ammerman and William Edmondston were a group of young people who were in Clearfield Saturday evening to see "Hearts of the World."

Mrs. J. C. Wright was the guest of Mrs. William Taylor at Tyrone last week.

G. W. ARDARY DIES OF GUNSHOT AT HOME

(Continued from Page One)

tern for use in putting his horse away he heard some one moaning and going upstairs found his father lying on his bed with a bullet wound through his head and about in his death throes. The little grandson, his face spattered with the blood of his grandfather was sleeping alongside the dying man but was unable to throw any light on the happening.

The weapon from which the shot was fired, a 32 calibre rifle was lying on the bedroom floor with the butt pointing toward the bed. This gun belonged to Mr. Ardary and was used during butchering time. It was usually kept in the pantry downstairs. Coroner Pollum, or DuBois, was informed of the occurrence and repaired to the Ardary home Sunday evening. He impanelled a jury and after a thorough investigation and a careful search for evidence the jury returned a verdict to the effect that the deceased had met his death at the hands of a person or persons unknown.

So far as can be determined at this time there is no known motive for the murder. Mr. Ardary was a peaceful, law-abiding citizen who was very well known and highly respected in his community.

He was about 65 years of age and besides his immediate family is survived by three brothers and one sister viz: Z. L. Ardary of Boggs; James of Curwensville, Aronzo A. of Lawrence and Mrs. Will Gates, of Curwensville.

Mrs. J. Johnson, 220 W. Allegheny avenue, Philadelphia believes in the old adage about an ounce of prevention being worth a pound of cure.
